Ultrak L10 - Multi-Lane Timer

The innovative L10. This revolutionary product can be used to time track races with up to 10 individual lanes as well as road races (cross country, 10 K's, marathons, etc.) with up to 8,000 participants. Bib numbers can be preassigned to lanes in track mode and entered at finish for road races. Each L10 comes standard with a thermal printer and computer software to download times to your PC. The basic package comes with one lane button and sets of six, eight, and ten buttons are also available. Don't blow your budget on other lane timers when the Ultrak L10 is a higher quality product at a fraction of the cost. New: Now compatible with Hy-Tek, RunScore, Easy Meet Manager and other software programs! Road Race (Cross Country) Mode
